

Hood in hi-vis neoprene

SI-TECH Inflation valve on lower body (optional)

Roomy detachable thigh pockets with room for storage/extra weight (optional)

Reinforced 5-finger gloves in neoprene

Reinforcement fabric on lower legs, pocket for kneepads inside knee.

SeaSwim is designed for surface swimming and shallow water dives.

The suit is offered with an optional newly invented adjustable neck seal solution.

- Carefully constructed in cooperation with innovative SAR personnel with experience from a wide variety of tasks
- Narrow fit combined with full freedom of movement
- Option of an innovative adjustable neck seal that offers the user comfort and ventilation in transit periods without doffing the suit. 100% waterproof seal is achieved with a simple maneuver.
- Pockets on chest and both thighs for knife and lights
- Detachable thigh pockets for e.g. notebook, map, iPad Mini and personal belongings

SAR SeaSwim

- Option of an innovative adjustable neck seal (offer the user comfort and ventilation in transit periods without doffing the suit. 100% waterproof seal is achieved with a simple maneuver.)
- Waist adjustment with velcro and elastics to secure individual fit
- Possibility of individual valve selection placed on shoulder and/or hip (SiTech)
- Choice between three different 3-layer main fabrics with well documented breathability
 - GoreTex Nomex III – best FR properties
 - GoreTex Pazifik – highest abrasion resistance
 - HP Superlight – lightweight and with superb moisture vapor penetration
- Velcro and webbings for attachment of distinctions and name tag
- Highly durable and easy running waterproof zip in soft PU from TiZip
- Additional pockets on chest and upper sleeves
- Pockets on thighs for knife and pocket-light (LED Lenser)
- Suit equipped with Velcro on thighs for attachment of (detachable) thigh pockets for e.g. notebook, map, iPad Mini and personal belongings
- Unique construction for ease of movement – still well fitted to the body preventing inherent trapped air
- Flexible concept – may be customized individual requirements

SAR SeaSwim

- Mulighet for valg av en innovativ, justérbar halslukning for maksimal komfort (gir brukeren mulighet for å ventilere over-skuddsvarme i sikre posisjoner/venteperioder uten å ta av drakten. Halslukningen blir 100% tett med et enkelt håndgrep)
- Mulighet for individuelt valg av ventiler fra SiTech på skulder og/eller hofte
- Justeringsmulighet i midjen med velcro og elastikk for individuell tilpasning
- Valg mellom vanntett/pustende 3-lags metervare med dokumenterte pusteegenskaper
 - GoreTex Nomex III – beste flammehemmende egenskaper
 - GoreTex Pazifik – høyeste slitestyrke
 - HP Superlight – lettest og med beste pusteegenskaper
- Mulighet for feste av distinksjoner og brodert navnelapp med velcro og webbing
- Solid vanntett lås i myk PU som løper lett (TiZip Masterseal)
- Lommer på bryst og overermer
- Lommer på begge lår for oppbevaring av kniv og lykt (LED Lenser), passer iPad Mini.
- Drakten er klargjort med borrelås på lårene for påsetting av romslige lårlommer (med/uten vindu)
- Unik konstruksjon for bevegelsesfrihet – likevel godt kroppstilpasset uten for mye innvendig luft
- Fleksibelt konsept – kan tilpasses individuelle behov
